Attachment A

On February 12, 2020, Homeland Security Investigations (HSI) Special Agents (SA) conducted a surveillance operation at a warehouse located at 3901 W Ursula Ave, McAllen, TX. The warehouse was identified as being utilized to store foreign manufactured cigarettes that were illegally entering U.S. commerce and also being smuggled to Mexico. HSI SAs observed multiple white vans displaying insignia associated with Victor Guerra Duty Free near the area of the warehouse. During the surveillance operation, HSI SAs observed a white van exit the warehouse. The van left the area of the warehouse and began traveling at a high rate of speed as if it was trying to evade the surveillance team. The van subsequently returned to the warehouse and was observed entering the warehouse. Shortly after the van entered the warehouse, HSI SAs observed the warehouse closing a rolling steel door and an entrance gate to the warehouse.

HSI SA Shoemaker and SA Perez approached the aforementioned warehouse and identified themselves as federal agents to Jose Francisco GUERRA. SAs asked if they if the could enter the premises and speak to GUERRA. GUERRA granted HSI SAs consent to conduct an inspection of the premises. Upon entering the warehouse, SAs clearly observed approximately 40 cases of un stamped cigarettes outside of the in-bond caged area. HSI SAs with the assistance of HSI Task Force Officers, and a representative of the Government of Mexico Servicio de Administracion Tributaria (SAT) conducted an inspection of the cigarettes in the warehouse. HSI McAllen identified a foreign produced brand of cigarettes that had previously been seized for illegally entering U.S. commerce during a previous operation. The Mexican SAT representative advised that numerous brands of cigarettes in the warehouse were banned in Mexico for health reasons and other brands that were in violation of Mexican laws to include FISCAL (TAX) FEDERAL CODE: Chapter II Fiscal Crimes, Articles 102 and Chapter: Unique, Article 176 (I and III), 177 (III); therefore, the cigarettes are considered adulterated and misbranded while being intended for export to Mexico.

On February 12, 2020, an HSI SA advised GUERRA of his Miranda rights, GUERRA stated he understood his rights and voluntarily waived them orally and in writing. GUERRA made the following non-verbatim statements that have been paraphrased and may not be in the order in which he gave them.

GUERRA stated he had been smuggling cigarettes to Mexico in increments of 40 cases (containing approximately 400,000 individual cigarettes) on a regular basis. GUERRA stated he was aware that it was illegal to smuggle cigarettes into Mexico. GUERRA also stated that he knew that in bond cigarettes were required by law to be secured within the bonded cage inside of the warehouse and that there were cigarettes that he had outside of the bonded cage. GUERRA estimated he had approximately 800,000 pounds of cigarettes in his warehouse and stated he planned to illegally smuggle all of them to Mexico.
